3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The Corporation follows an investment and deposit policy, the overall objective of which is to adequately safeguard the principal amount of funds invested or deposited; conform with federal, state and other legal requirements; and provide sufficient liquidity of invested funds in order to meet obligations as they become due. Oversight of investment activity is the responsibility of those charged with governance.

Monies must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within and authorized to do business in New York State (NYS). Collateral is required for deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are those identified in NYS General Municipal Law, Section 10 and outlined in the NYS Comptroller's Financial Management Guide.

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. The Corporation has an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The Corporation's policy is to minimize the risk of loss due to failure of an issuer or other counterparty to an investment to fulfill its obligations.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. In accordance with the Corporation's investment and deposit policy, all deposits of the Corporation including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act (FDIA) shall be secured by a pledge of securities with an aggregate value equal to the aggregate amount of deposits.

The Corporation restricts the securities to the following eligible items:

- Obligations issued, or fully insured or guaranteed as to the payment of principal and interest, by the United States of America, an agency thereof or a United States government sponsored corporation;
- Obligations partially insured or guaranteed by an agency of the United States of America;
- Obligations issued or fully insured or guaranteed by NYS;
- Obligations issued by a municipal corporation, school district or district corporation of NYS;
- Obligations issued by states (other than NYS) of the United States of America rated in one of the two highest rating categories by at least one Nationally Recognized Statistical Rating Organization (NRSRO).

The Corporation maintained cash balances with a financial institution insured by the FDIC up to \$250,000, for demand and non-demand accounts. At December 31, 2021 and 2020, the Corporation's deposits amounted to \$82,516 and \$128,045, respectively, and were insured in full by FDIC.
