WHEREAS, pursuant to the Act, the Agency desires to adopt a resolution describing the Project and the Financial Assistance that the Agency is contemplating with respect to the Project;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONONDAGA COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Agency, based upon the representations made by the Company to the Agency in the Application, hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act;

(B) The Project constitutes a "project," as such term is defined in the Act;

(C) The Project site is located entirely within the boundaries of Onondaga County, New York;

(D) It is estimated at the present time that the costs of the planning, development, renovation, construction and installation of the Project Facility (collectively, the "Project Costs") will be approximately \$28,537,023;

(E) The completion of the Project will not result in the removal of a plant or facility of any proposed occupant of the Project Facility from one area of the State to another area in the State and will not result in the abandonment of one or more plants or facilities of any occupant of the Project Facility located in the State;

(F) (1) The Project Facility does not constitute a project where facilities or property that are primarily used in making retail sales of goods and/or services to customers who personally visit such facilities constitute more than one-third of the total cost of the Project, and accordingly the Project is not prohibited by the provisions of Section 862(2)(a) of the Act, and (2) accordingly the Agency is authorized to provide financial assistance in respect of the Project pursuant to Section 862(2)(a) of the Act;

(G) The construction of additions to and renovation and equipping of the Project Facility and the leasing of the Project Facility to the Company is reasonably necessary to induce the Company to maintain and expand its business operations in the State of New York;

(H) Based upon representations of the Company and counsel to the Company, the Project Facility conforms with the local zoning laws and planning regulations of Onondaga County and all regional and local land use plans for the area in which the Project Facility is located;

(I) The granting of the Financial Assistance by the Agency with respect to the Project will promote and maintain the job opportunities, general prosperity and economic welfare of the citizens of Onondaga County, New York and the State of New York and improve their standard of living, and thereby serve the public purposes of the Act;

(J) The Agency has reviewed the Public Hearing Report and has fully considered all comments contained therein;

(K) The Project should receive the Financial Assistance in the form of exemptions from certain sales and use taxes and real property taxes based on the description of expected public benefits to occur as a result of this Project, as described in the Application and failure by the Company to meet the expected public benefits will result in a recapture event, as described in the Project Agreement; and

(L) It is desirable and in the public interest for the Agency to enter into the Agency Documents.

(M) The Agency has assessed all material information included in connection with the Application necessary to afford a reasonable basis for the decision by the Agency to provide the Financial Assistance for the Project as described herein;

(N) The Agency has prepared a written cost-benefit analysis identifying the extent to which the Project will create or retain permanent, private sector jobs, the estimated value of any tax exemption to be provided, the amount of private sector investment generated or likely to be generated by the Project, the likelihood of accomplishing the Project in a timely fashion, and the extent to which the Project will provide additional sources of revenue for municipalities and school districts, and any other public benefits that might occur as a result of the Project;

(O) The Company has provided a written statement confirming that the Project as of the date of the Application is in substantial compliance with all provisions the Act;

(P) The Agency has complied with deviation procedures as contained within the UTEP and as required by the Act and based upon its review of the following factors, finds and determines that it is desirable and in the public interest of the Agency to deviate from its UTEP and to approve the execution and delivery of the Proposed PILOT Agreement with the terms specified in Exhibit A:

1. When fully operational, the Company anticipates the Project's end user will create sixty-four (64) new full time equivalent jobs.
2. The construction phase of the Project is estimated to last approximately nine to ten months, and will create approximately one hundred twenty five (125) construction jobs.
3. The Company estimates that it will expend approximately \$28,537,023 on the reconstruction and equipping of the Project Facility.
4. The Project will include the addition and expansion of the Company's 2003 Facility which it has already more than tripled in size since its initial construction in 2003. The completed Project will provide the Company a building completely outfitted to begin its latest venture into aseptic processing which will enable the Company to ship its products nationally and internationally.
5. As a prerequisite to the Agency undertaking the Project, the Company will enter into an agreement that any financial assistance it receives from the Agency will be subject to recapture in the event the Project does not fulfill the purposes for which the tax exemptions were granted.
6. It is estimated that the Project will generate \$4,661,977 in PILOT payments during the 12-year term of the Proposed PILOT Agreement. The payments on the 2019 Facility under the 2019 PILOT without the Project and the Proposed PILOT Agreement over the same term using current tax rates would produce approximately \$4,514,839 in payments. The real property taxes or payments in lieu of taxes on the Project Facility without the Proposed PILOT Agreement over the same term using current tax rates would produce approximately \$4,886,312 in real property tax revenues.
7. The distribution of PILOT payments to the Affected Tax Jurisdictions under the Proposed PILOT Agreement will comply with the provisions of the General Municipal Law.

Section 2. In consequence of the foregoing, the Agency hereby determines to: (A) proceed with the Project; (B) retain or acquire a leasehold interest in the Land and all improvements now or hereafter located on the Land from the Company pursuant to the Lease Agreement; (C) lease the Project Facility to the Company pursuant to the Lease Agreement; (D) construct additions to and renovate and equip the Project Facility, or cause the Project Facility to be expanded, renovated and equipped, as provided in the Lease Agreement; and (E) grant to the Company the Financial Assistance with respect to the Project. The amount of State and local sales and use tax exemption benefit comprising the Financial Assistance approved herein shall not exceed \$400,000.00. Based on an estimate of the current assessed value of the Land, the payments remaining under the 2019 PILOT and the current tax rates of the taxing jurisdictions, the amount of real property tax exemption benefits is approximately \$224,336. The Agency recognizes that such amount may vary over time due to changes in assessed value of the Land and the Facility and/or the tax rates of the taxing jurisdictions.

Section 3. The Agency is hereby authorized to retain, acquire, construct additions to renovate and equip the Project Facility as described in the Agency Documents, to appoint the Company as agent of the Agency to undertake such retention, acquisition, construction, renovations and equipping of the Project Facility as described in the Agency Documents, and to do all things necessary or appropriate for the accomplishment thereof, and all acts heretofore taken by the Agency with respect to such acquisition, construction, renovation and equipping are hereby ratified, confirmed and approved.

Section 4. The Chairman (or Vice Chairman) and the Executive Director of the Agency, with the assistance of Agency Counsel, are authorized to negotiate and approve the form and substance of the Agency Documents.

Section 5. (A) The Chairman (or Vice Chairman) and the Executive Director of the Agency are hereby authorized, on behalf of the Agency, to execute and deliver the Agency Documents, and, where appropriate, the Secretary (or Assistant Secretary) of the Agency is hereby authorized to affix the seal of the Agency thereto and to attest the same, all in the forms thereof as the Chairman (or Vice Chairman) and the Executive Director shall approve, the execution thereof by the Chairman (or Vice Chairman) and the Executive Director to constitute conclusive evidence of such approval.

(B) The Chairman (or Vice Chairman) and the Executive Director of the Agency are hereby further authorized, on behalf of the Agency, to designate any additional Authorized Representatives of the Agency (as defined in and pursuant to the Lease Agreement).

Section 6. The Agency shall maintain records of the amount of State and local sales and use tax exemption benefits provided to the Project and each agent or Project operator and shall make such records available to the State Commissioner of Taxation and Finance (the "Commissioner") upon request. The Agency shall, within thirty (30) days of providing any State sales and use tax exemption benefits, report to the Commissioner the amount of such benefits for the Project, identifying the Project, along with any such other information and specificity as the Commissioner may prescribe. As a condition precedent to the Company's receipt of, or benefit from, any State or local sales and use tax exemptions, the Company must acknowledge and agree to make, or cause its agents and/or operators to make, all records and information regarding State and local sales and use tax exemption benefits available to the Agency upon request. The provisions of Section 875 of the Act are hereby incorporated herein as if set forth herein and the Agency agrees that it shall comply with the requirements of such Section 875 of the Act.

Section 7. The Agency hereby delegates to the Company, as agent of the Agency, the authority to designate (following the execution and delivery of the Agency Documents), agents and sub-agents of the Agency (each, a "Sub-Agent") for purposes of utilizing the Agency sales and use tax exemption with respect to the, renovation and equipping of the Project Facility; provided that any such sub-agency designation shall become effective only upon submission to the Agency within fifteen (15) days of such agency and sub-agency designation: (1) an executed sub-agent appointment agreement (in a form approved by the Agency) and (2) a completed Form ST-60 of the New York State Department of Taxation and Finance (IDA Appointment of Project Sublessee or Agent for Sales Tax Purposes). Such agents and sub-agents may include contractors and subcontractors involved in the acquisition, renovation and installation of the Project Facility.

Section 8. The terms and conditions of subdivision 3 of Section 875 of the Act are herein incorporated by reference and the Company and/or any Sub-Agent shall agree to such terms as a condition precedent to receiving or benefiting from an exemption from State and local sales and use tax exemptions benefits.

Section 9. As a condition precedent to the granting of the Financial Assistance, the Company agrees to execute an agreement with the Agency setting forth the preliminary undertakings of the Agency and the Company with respect to the Project. The form and substance of the proposed agreement, a form of which was available to the members of the Agency (the "Agreement") are hereby approved. The Chairman (or Vice Chairman) and the Executive Director of the Agency are each hereby authorized, on behalf of the Agency, to execute and deliver the Agreement, in substantially the same form as presented at this meeting with changes in terms and form as shall be consistent with this Resolution and as the Chief Executive Officer or (Vice) Chairperson shall approve. The execution thereof by the Chief Executive Officer or (Vice) Chairperson shall constitute conclusive evidence of such approval.

Section 10. The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required or provided for by the provisions of the Agency Documents, and to execute and deliver all such additional certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing Resolution and to cause compliance by the Agency with all of the terms, covenants and provisions of the Agency Documents binding upon the Agency.

Section 11. This Resolution shall take effect immediately upon adoption.
